# ALL ABOUT DESIGN

## WELCOME TO BATHROOMSBYDESIGN

One of the most exciting things about designing bathrooms is the opportunity to work closely with our clients to create a room that can have such a positive impact on their home lives.

We work with people from different backgrounds with different tastes and different requirements. They all want a new bathroom. But what most of them don't initially consider is how, with a relatively minor investment, they can build their own spa like experience in their homes.

That's ultimately what we need to do as bathroom designers, to collaborate with our clients to create a solution for them that goes beyond what they imagined, a safe haven from the troubles of the world and a true spa like experience that they can enjoy every day.

The buying experience we provide to get there needs to match up. We constantly strive to serve our customers in the best way possible with the highest quality products that stand the test of time, most effective designs that complement their lifestyles and most affordable prices that generates a true return on investment.

Good luck with your project, we're here to help!

Sam Colwill  
CHAIRMAN

## WHY CHOOSE US

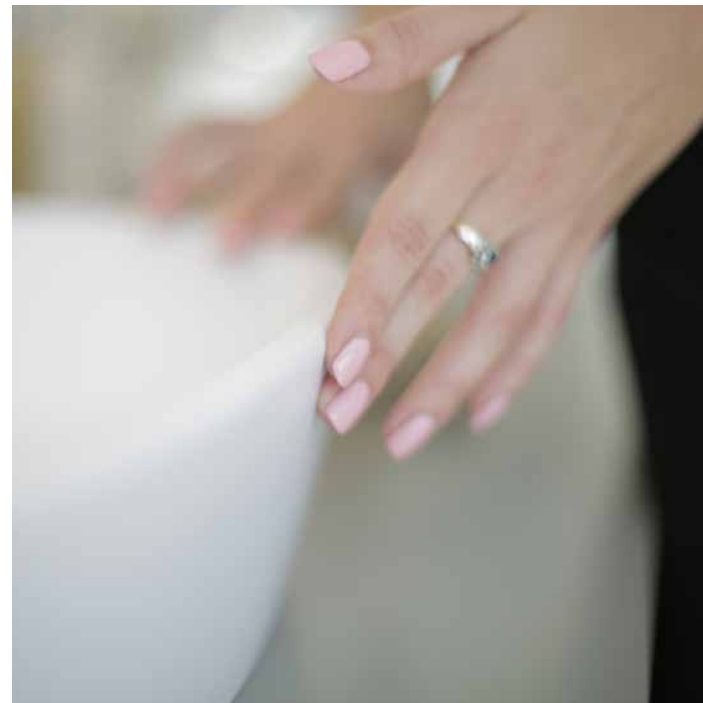

We want to improve people's homes, health and wellbeing with beautiful, affordable and expertly designed bathrooms, that will stand the test of the time. Through our passion for design, innovative technology and professionalism, we have made the process of creating and buying a bathroom, simple and efficient.

Over the last 12 years we have built partnerships with an ethical and responsible global supply chain of, like minded, partners that share our priorities of quality, beauty and value, to bring our customers the best products in the world, for the best possible price.

- One of the UK's leading bathroom design and supply specialists.
- Over 300 brands with an extensive product range suited for all bathroom types and both residential and commercial properties.
- FREE design services online or in our showrooms with industry leading virtual reality technology to effortlessly help you bring your bathroom ideas and designs to life and allow you to immersively walk-through your bathroom before you buy. Rem
- FREE home surveys.
- Unlimited consultations with your dedicated Designer - we will guide you every step of the way and ensure your bathroom meets your exact requirements until you are happy.
- Reliable and industry best After Sales service
- FREE and flexible deliveries for orders over £499
- Around the clock interaction with your designs with our FREE Plan2Design app, available on iOS and Android. Our pioneering app gives you live access to your 3D designs and ability to track changes in real-time; share your designs with family, friends, and installers for advice, inspiration, greater peace of mind; share feedback; send us existing bathroom measurements by creating a simple floor plan; gain inspiration from a collection of stunning 3D showcase bathroom designs.
- Our services are catered to homeowners and trade customers - interior designers, architects, contractors, installers, and property developers. We design and supply to both residential and commercial properties with a portfolio which boasts supplying bathrooms for Centre Parcs and the V&A Museum.

## OUR AWARDS

KBB Retail & Design Bathroom Showroom of the year 2019, Richmond Business Awards 2017 winners, Best of Houzz Design and Service winner 2016-2020

## ALL ABOUT DESIGN

### WHY YOU NEED A NEW BATHROOM

Planning a new bathroom can be daunting whether it's an existing renovation or designing a bathroom for a new property.

So before you begin browsing for taps it's worth thinking about the following beforehand.

### IT IS AN INVESTMENT

On average, homeowners will look to renovate their bathroom every 8-10 years, so it's an investment which should be carefully considered and sought out.

### CAREFULLY ASSESS YOUR NEEDS

Assessing your bathroom needs (key priorities, who will be using the bathroom, how many bathrooms are to be renovated, style of bathroom etc).

It's key to decide on what's important to you to ensure the bathroom space meets your daily needs (bath, shower, wet room, sauna, practical with lots of storage etc).

### WHAT BENEFITS DO YOU REQUIRE?

The benefits of a family bathroom which is practical, safe, and features lots of storage VS a wet room or shower room without a bathtub.

Not all homeowners have the same daily rituals and routines when using their bathrooms - deciding on the areas and fixtures which will be utilised most is key to determining the right type of bathroom to be designed.

## ALL ABOUT DESIGN

### WHAT IS YOUR BUDGET?

Deciding on a budget to make better sense of your options and to help refine your expectations.

### WHAT LEVEL OF SERVICE DO YOU REQUIRE?

Decide on the level of service you will require to achieve your bathroom redesign or renovation - do you have an installer and/or interior design and just require products? Or do you require a full design, supply, and installation service?

You should be wary to factor these points into your final budget estimation.

## ALL ABOUT DESIGN

BBD TOOLS  
& SERVICES

BathroomsByDesign tools and services gives you a complete solution from design to planning and organising installation which we offer all for no extra cost.

## FREE DESIGN SERVICE

We recognise that the creative process needs to keep up with the imagination of our customers, and this has led to our own industry leading 3D bathroom design software.

Collaborate with your BathroomsByDesign consultant with our FREE design service to effortlessly explore tailored options in seconds, from a selection of best-in-class bathroom products. Experiment with stunning lighting concepts, decoration and every aspect of your dream bathroom to add the finishing touches that bring it to life. Then immerse your senses in stunning virtual reality, allowing you to walk around your dream bathroom before you buy.

No limits! We will continue working with you until your design meets your satisfaction. Every step of the way, your designs are instantly available for you to view and share, on your phone, tablet or computer using our unique virtual reality viewer app.

appointment

## ALL ABOUT DESIGN

## FREE PLAN2DESIGN APP

From virtual to reality. At BathroomsByDesign we want the process of designing and buying a beautiful bathroom to be simple, enjoyable and reassuring. Tailored by experts, our innovative Plan2Design app will help begin that journey from inspiration to design completion with a touch of a button.

- Features a simple and efficient planner tool to assist you with measuring your bathroom in minutes.
- Create a basic plan of your existing bathroom layout, leave notes where necessary, and guide our designers through your bathroom if you can't make it to one of our showrooms
- Around the clock access to your designs. Track changes as they happen from the comfort of your home
- Immerse yourself within your bathroom designs using our complimentary virtual reality headsets. Pinch, zoom, and rotate to view and analyse every detail of your bathroom design, giving you peace of mind before making a final decision before you buy.
- Share your designs with family and friends for a truly collaborative decision-making process to ensure your designs meet your exact requirements.
- You can also share your designs with your installation team to ensure they understand your bathroom layout, design, and any changes which are made to your designs in real-time.

Available on iOS and Android.

& SERVICES

## CUSTOMER PORTAL

Our customer portal is your gateway to managing your orders online. By giving you full access and visibility to your orders 24/7, your personal account will help you take control over delivery schedules, payment methods, accessing important documents such as your invoices, our consumer policies, customer care checklists, and also allow you to communicate with us directly.

Take control and gain full visibility, view and change delivery schedules, and manage your method of payments.

## PORTAL FEATURES:

- **Orders** – view details about your order(s) including managing delivery addresses, viewing payment summaries and outstanding balances. Choose to make payments, view items you've ordered and their stock status and lead times, schedule deliveries, or return items.
- **Account** – view and update your account details.
- **Address Book** – manage your address, add a new shipping or billing address, or edit an existing address to ensure all your contact information is accurate and up-to-date.
- **Designs** – view your bathroom designs in 3D, 360 panorama, or in PDF format which includes a full product schedule and design elevations.
- **Book a Design Consultation** – book a free design consultation, at one of our showrooms or online.
- **Quotes** – view, accept or send us a message about your quote(s)
- **Help Centre** – see our FAQs or send a direct message to one of our advisors.
- **Terms and Conditions** – view our Terms and Conditions.
- **Checklist** – our Customer Care Checklist guides you through our sales process one step at a time, making sure you are 100% happy with our processes and terms. Here you can notify us of any special delivery requirements and add any useful contacts such as your installer or designer.

TRADE PARTNERSHIPS  
AVAILABLE

With our Trade Partnerships, we give you the freedom to choose how you work with us. Our team, technology and award-winning services are tailored to support you in the best way for your business.

If you're an Architect, Installer, Interior Designer, Property Developer, or Contractor, our flexible Trade Partnerships has many benefits to suit you.

**Direct:** Work with us directly and our team, technology and services will make life simple for YOU.

**Managing your customers:** Let us manage your customer for you and our team and technology will keep you in the picture and in control at all times and deliver everything in line with your specific needs and schedule.

**Mix of both approaches:** Choose which parts you want us to work directly with you and which parts you want us to manage on your behalf.

**Referral scheme:** We work with your client from start to finish in a way most suitable for you and them. They receive preferential pricing and you receive an attractive commission payment per project.

## DARE2DESIGN WITH STONEKAST & FAEBER

Dare2Design is our bespoke painting service for our range of StoneKAST and Faeber products. With our Dare2Design service, a coloured coating is added to the exterior of the product, creating a striking finish. Choose from any RAL colour to add a truly individual and unique aesthetic to your bathroom.

Our Dare2Design service is available for bathtubs, furniture and sanitaryware products from our collection of StoneKAST and Faeber products which are sprayed in-house with precision and craftsmanship.

With Dare2Design, we can ensure painted products are protected to deliver lasting quality and a truly unique product to create a showpiece for your bathroom and match your desired bathroom scheme.

## BC DESIGNS

BC Designs are the design house behind some of the most luxurious traditionally inspired bathtubs for the home. A combination of quality and innovation lie behind their stunning Copper, Tin, and Acrylic Boat Baths.

The Copper and Tin bathtubs are unique in that their designs and manufacturing methods derive from traditional hand-crafted techniques used for centuries. Copper baths are excellent heat conductors, meaning water temperature stays warmer for longer.

Boat baths are also referred to as 'Bateau baths' and are designed to form the centrepiece for any traditionally inspired bathrooms.

## INTRODUCING FAEBER

Welcome to Faeber, our collection of expertly crafted European furniture and sanitaryware. With over 30 years' experience of hand-crafting beautiful bathroom furniture, each piece in the Faeber collection is individually made by master craftsman to deliver unique fixtures to your bathroom. Creating the perfect space to enjoy your daily routine whilst also keeping all bathroom toiletries and essentials stored for a clutter-free room, our range of Faeber furniture is designed to improve the look and feel of your bathroom.

Faeber specialises in customisable modular designs for versatile furniture units which compliment our Faeber basins to suit your bathroom space and storage needs. With exceptional functionality and reliability with premium drawer runners for a smoother opening and closing motion, and more intuitive drawer handles for ease of use, you can also choose from a range of RAL colour options to completely transform and personalise your Faeber furniture units.

Faeber's collection of sanitaryware is no less impressive with modern technological methods employed to create water saving and premium function range of toilets and bidets.

## FAEBER INFINITE

The Faeber Infinite range is a collection of stunning solid stone basins meticulously designed and crafted to add a personal touch to your bathroom. Comprising of two ranges, MI and S1, the Infinite range by Faeber is innovative and versatile with each basin expertly designed to match any Faeber unit configuration. This gives you the freedom to enhance the storage capacity in your bathroom space.

Manufactured from Hi-Macs solid stone, the Faeber Infinite basins are non-porous for lasting quality, feature an integrated overflow, and are available in matt and gloss finishes.

Choose from the Infinite MI range as your furniture basin or the versatile Infinite S1 which is both wall-mountable and can be installed as a furniture basin. Our range of Faeber Infinite basins promise inimitable charm without compromising style with their angular contours and are available in various configurations for a captivating addition to your bathroom.

## FAEBER ZERO

The Faerber Zero collection is our exquisite range of Faerber furniture and sanitaryware, combining form and function and epitomising modern design and technology.

Design excellence meets everyday functionality with the sleek handleless and sumptuous curvature of the Faerber Zero furniture basins and units. Basins are manufactured from stone resin to ensure solidity and lasting quality, whilst the Zero units are all customisable allowing you to add textures like wood, stone, and marble to create your dream aesthetic and match the theme of your bathroom interior.

Faerber Zero's range of sanitaryware compliment the features of the Zero furniture basins and units, with a selection of wall hung, back to wall, and close coupled toilets to choose from. The Faerber Zero WC's are amongst our bestselling sanitaryware due to the innovation behind their efficient and hygienic rimless flushing technology, robust stainless steel fixings, and easy to replace WC seats. Functional designs and beautiful simplicity with each product. Faerber Zero is a must-have for any bathroom.

## INTRODUCING PIETRA LUSSO

Pietra Lusso is the true definition of architecture and bathroom opulence with its sophisticated contemporary designs and minimalist approach to bathroom spaces. Pietra Lusso's stunning range of cone basins have each been crafted from stone and feature a textured finish.

These collection of freestanding basins with their strong profile and beautiful rustic finishes are sure to add an eye-catching aesthetic to any luxury bathroom and elevate your home's interior.

## SANITARYWARE &amp; FURNITURE

STONEKAST  
BASINS

Graceful and modest, the StoneKAST range of sit-on basins will prove to be a truly unique addition to any contemporary bathroom setting.

Designed to compliment StoneKAST's range of baths (see pg 15) each StoneKAST basin has been expertly crafted using techniques which combine the highest quality raw materials and eco-friendly manufacturing methods to create its distinctive range of basins.

The geometric splendour, the spiritual tranquillity, and the overwhelming ambience of a StoneKAST basin is catered to fulfil your bathroom and vanity needs, providing a safe and desirable haven to enjoy your daily routine.

The Sinea 2.0 is a timeless collection designed to heighten your daily bathroom experience, offering unique storage spaces and spacious washing facilities for a truly one of a kind bathroom space.

## SANITARYWARE & FURNITURE

### OLI

OLI's fine reputation as Europe's leading mass producer of sanitary systems is why we hold a large collection of OLI products suited to improve the sanitary needs for every bathroom.

Our collection of OLI dual flush cisterns and flush plates will not only improve the functionality of your bathroom but also create a sustainable environment.

OLI are committed to sustainable development of sanitary solutions and reduce water consumption in residential homes and commercial buildings, which is why OLI sanitary systems can be found in some of the most luxurious buildings in the world.

### HAPPYAIR

HappyAir is OLI's solution to fresh air renewal in bathrooms. Compatible with all floor mounted or wall hung WC's, the OLI HappyAir is a discreet extraction filter system which will remove 30% of odours and 70% of condensation to deliver a truly innovative and premium noise-reducing air filtration system to your home.

### HYDROBOOST

OLI's HydroBoost cisterns have been expertly developed to optimise the functionality of your flushing system and deliver optimum performance and longevity, components that are essential in any bathroom environment.

### OLI FRAME & CISTERN CHOICES

OLI's reliable and premium cisterns and frames are designed to offer robust installation with lasting performance to deliver the best sanitary systems for your home. Whether you have a wall-mounted or back-to-wall WC, choose from OLI's range of suitable frames and cisterns to best suit the WC for your bathroom.

### FAEBER EDGE

Faeber Edge mirrors have been expertly designed and manufactured to suit the needs for the modern bathroom. Providing additional storage capacity for toiletries and everyday bathroom essentials, our range of beautiful Faeber Edge mirrored cabinets will enhance the practicality within the bathroom but also provide a distinct aesthetic.

The Faeber Edge illuminated mirrored cabinets feature a clean, minimalist design with adjustable outer edge lighting, mirrored side profiles, and double-sided mirrored doors for ultimate reflection. Recessing the Faeber Edge mirror is also an option for a sleek finish.

Available in a range of sizes to suit your bathroom space including single, double, and three door options. Our complete range of Faeber Edge mirrors are a must-have for a timeless bathroom design.

# BRASSWARE

## INTRODUCING AVA

AVA is our collection of luxury authentic Italian brassware designed to suit every style of bathroom. Manufactured in Inverio, Italy, AVA's range of stunning brassware can be found in some of the most luxurious hotels around the world including the Shangri-La in Asia, Fairmount Hotel in UAE, and Ephelia Resort in the Seychelles.

Championing the 'green approach', AVA has built a reputation of producing sustainable and environmentally conscious taps, shower heads, and thermostatic shower valves which achieve minimum water consumption without sacrificing form or function to become one of our best selling ranges of bathroom brassware.

AVA epitomises luxury Italian design, combining everyday practicality with premium functionality. Embracing modern trends with its timeless aesthetic and beautiful contours, AVA is a brand which is unrivalled in quality, aesthetically impressive, and designed for both modern and cutting-edge bathroom interiors.

- OQC Certified
- WRAS Approved
- Water Label Certification
- ISO 900 Certification
- ISO 14001 Certification

## BRASSWARE

### INTRODUCING AXOR

The unmistakable appearance of the AXOR Citterio brassware range has been designed in collaboration with renowned Italian architect Antonio Citterio. Combining cutting-edge design and premium functionality, the distinct silhouettes of the Citterio range will bring angular and timeless design features to contemporary bathrooms.

AXOR's Massaud range is the eye-catching bathroom collection of French architect Jean-Marie Massaud. Free flowing waterfall elements are matched with inimitable geometric aesthetics of the Massaud brassware range. A stunning addition to contemporary bathrooms across the world.

### AXOR STARCK V

The AXOR Starck V is a revolutionary collaboration with French designer Philippe Starck and his fascination of the water vortex. A truly magnificent range fit for any cutting-edge bathroom, the Starck V is a visionary piece of artistic excellence and functionality.

## WHIRLPOOL BATHS

Whirlpool bathtubs are an affordable choice for bathrooms looking to improve and bring the health benefits of hydrotherapy into the home.

By integrating the functionality of a Jacuzzi, which are most commonly found in health spas, a whirlpool bath is a practical and affordable solution to tackle those long stressful days by helping you relax, re-energise, and soothe your body.

How do they work? The jets within whirlpool baths combine air and water which are propelled back out via a system of jets. The bubbling or 'whirlpool' effect will then soothe your body as you enjoy your time in your tub. The health benefits of a whirlpool bathtub can range from increasing blood circulation, maintaining healthy skin, and help relax the body and mind.

BathroomsByDesign have a selection of beautifully crafted and practical whirlpool baths which guarantee to deliver in quality, functionality, and help introduce hydrotherapy into your bathroom to enhance your wellness and well-being.

## CHROMOTHERAPY

Chromotherapy is the science of using colours to adjust body vibrations to frequencies that result in health and harmony. Each colour possesses frequencies of a specific vibration, and each vibration is related to different physical symptoms.

Our bodies need the sun's light to live and during the winter months, with long days in doors at work, it can mean we are deprived of this natural health benefit.

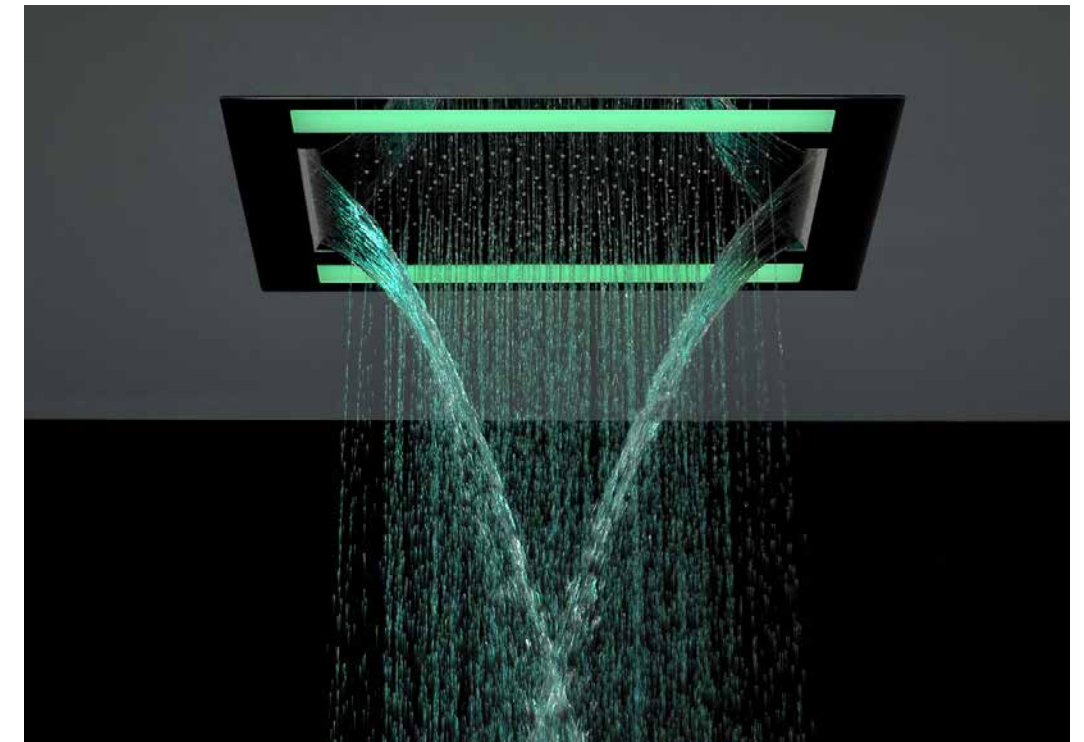

BathroomsByDesign has wide range of integrated lighting that can provide access to these benefits and allow you to customise your light profile to help stimulate your mind at the beginning of the day or relax your mood during the evenings.

Wellness and well-being in relation to colours:

COLOUR	EFFECT
Orange	Relieves tiredness and enhances your mood against depression.
Yellow	A colour full of energy and is said to improve your mind, muscular tone, and stimulate enthusiasm.
Green	Calming and encouraging, helping to provide serenity with its essence of nature, and help you sleep.
Blue	Represents tranquillity, producing a feeling of serenity, peace, and also help ease muscle tension.
Purple	A colour to activate your imagination.
Indigo	The colour of creativity and inspiration.
Magenta	Said to increase blood pressure, help regulate vitality and improve your energy.

Please contact us for more information on our range of Chromotherapy and lighting solutions.

## TILES

## INSIDE

The European Tiles Inside collection is a highly versatile and adaptable porcelain tile range which is designed to bring out the best in any bathroom setting.

The Inside collection is a stone-effect tile which is inspired by Quartzite to produce a tile with low porosity, heat resistant properties, and will guarantee to maintain its colour under the demands of everyday bathroom life. Stone-effect tiles are great for bringing a natural essence to bathroom interiors.

## FADE

The European Tiles Fade range is a collection of beautiful metallic-effect tiles which bridge the gap between industrial and contemporary to add a unique sheen to bathroom interiors. The effectiveness of incorporating metallic aesthetics is ideal for achieving a highly visual result bringing personality to bathrooms seeped in interior design and architecture.

The Fade range by European Tiles will add lasting quality to withstand the daily demands of the bathroom and add stylish urban textures and hues to bring the best out of your bathroom space.

## SALT

The European Tiles Salt range is a collection of luxurious marble-effect tiles which have been designed to add dynamism and character to interiors. Inspired by marble, the Salt collection's range of elegant hues and vibrancy of its veined aesthetics will offset against brassware, sanitaryware and furniture perfectly and give this range of tiles a functional aspect. Choose from glossy or natural finishes and from a range of colours to ensure your bathroom interior is equipped with the best in modern tile solutions.

Prices available on request.
